Forecast for Monday 30 Aug 2021

Weather: Bank Holiday Monday will be a dry and cloudier day, with low cloud and mist across the summits. Perhaps some bright or occasional sunny spells developing to the west of higher ground during the afternoon. Despite the sunshine it will feel cool on the summit, with a brisk northeasterly wind. Staying dry with clear skies after dark.

Chance of cloud free mountain/hill tops above 800m: 80% chance early morning, increasing to 100% by mid-morning onwards.

Visibility: Good or very good throughout, with distant hills visible, especially looking towards the west. Poor in the early morning low cloud and mist, with cloud bases down to around 400m and where patchy fog forms in the valleys.

Meteorologist's View

Despite the sunshine, it will feel cool on the summits with a brisk northeasterly breeze, therefore an extra layer may be required for spending any length of time walking/hiking on the peaks and summits.

Forecast for Tuesday 31 Aug 2021

Weather: Tuesday will be dry and mostly cloudy, with low cloud and mist on the summits, especially during the early hours and first thing in the morning. However, there will be some bright or occasional sunny intervals developing during the afternoon, especially to the west of higher ground.

Maximum wind: East northeasterly 10-15mph, gusting 25mph on the summits.

Chance of cloud free mountain/hill tops above 800m: 100% chance throughout, but probably decreasing to 80% later in the day.

Visibility: Generally good or very good, with distant hills visible, especially to the west. Poor in low cloud and mist early hours and first thing in the morning, with cloud bases down to around 400ft.

Temperature: **Valleys:** Plus 8 Celsius, becoming Plus 18 Celsius.
At 800m: Plus 5 Celsius, becoming Plus 9 Celsius.
Freezing level: Above the summits.
